President

Ayurveda - a 5000 year old Indian Treaty to guide healthy lifestyle made popular by many patriotic Indians in the past. One of them was Gaubhakat Late Shri Balraj Ji, Founder of Shri Ladwa Gaushala. He dedicated his entire life for Gau Seva and after him Shri Anand Raj established Shri Hanuman Gaupathy to spread the word of health across the Globe. He started making ayurvedic medicines with the help of ancient ayurveda as well as gaupathy. His sole purpose was to make ayurveda and panchgavya - a natural lifestyle which keeps health in hand and disease at bay.

Besides this, to generate faith and positive inclination of peoples of India towards Ayurveda, he also distributed Ayurvedic Medicines free of cost for a long period. But now, SHGAL has become a well known name for the medicines which are even helpful for curing cancer like diseases.

At SHGAL, each and every batch of medicine that gets prepared is a combination of purest materials, experience , expertise and stringent standards applied right from the purchase of raw materials to final since its inception.

MEDOHAR ARK

Obesity is an indicator of major health risk hazard. Excess body fat is a characteristic of nutritional disorder.

Obesity is often linked with serious medical conditions including diabetes, high blood pressure, heart disease, gall stones, arthritis,, breathing difficulties, cancer etc. With age the metabolic rate decreases, reducing the body's ability to digest excess calories which are converted into fat. This fat is accumulated on the different parts of the body. Men weighing 20% more and women weighing 30% more than the conventional ideal weight are considered obese. This mixture checks the conversion of other bio-molecules into fat, prevents fat deposition and does not have any side effect.

ACTION & BENEFITS:

1. Sheds off the fat gradually.
2. Reduces excess appetite
3. Reduce LDL cholesterol & triglycerides.
4. Spares HDL cholesterol
5. Reduces epidermal fat
6. Improves liver function
7. Provides natural nutrients

DOSAGE:

20ml twice a day, at least for 3 months

SHGAL HERBAL

Hair Cream

Panchgavya Based

for strong and smooth hairs

HERBAL HAIR CREAM

The presence or growth of hair is a biological necessity. Hair grows from follicles, called hair roots located at the bottom of the layer of skin beneath the epidermis, which is associated with blood vessels, nerves, sebaceous glands. The colour of hair is determined by the presence of a pigment called melanin, which is found in different proportions in individuals depending upon the genetic and climatic factors. With age the duration of the growth stage becomes shorter and length of the resting stage becomes longer. Herbal Hair Cream is researched based herbal formulation, which provides necessary nutrition to the hair by regulating blood circulation in the hair follicles. It optimizes bile secretions and protects the skin scalp from infections. It is safe and without any side effect.

ACTION & BENEFITS

Nourishes and activates hair roots

Cleans the scalp, prevents infection & hair fall
